MY STORY

How this PDF was made

@freestack.ai · faceless AI-tools page

I posted one reel every day for 30 days. Same design, same voice, same length. **The only thing that changed was the hook.**

> **Result:** 17,000+ views. Best reel: **1,645** views. Worst: **140**. An **11× gap** on the same page, from the first line alone.

> This PDF is what that data taught me: which hooks worked, which flopped, and why. The next pages break down the actual reels.

To be honest, this is a small page, not a celebrity. That is exactly why these lessons are useful to you: you are at the same stage.

01 · REAL REELS

Teardown: why it worked (1/4)

1,645 views

"Google ne apna AI agent free mein de diya, aur bahut kam log jaante hain."

Big brand · Secret · Free

Google's name = instant trust. 'Few people know' = insider info. Viewers felt they were missing out.

1,611 views

"Ek hafte mein 5 mehenge AI tools ke free versions. Kitne yaad hain?"

Recap · Quiz · List

The shortest reel (28s). The quiz turned it into a game, and the list format made people save it.

Teardown: why it worked (2/4)

1,593 views

"Coding ke liye Cursor ka subscription? Ruk jao."

Stop command · Money · Big brand

Named a tool people actually pay for, plus a direct command. Got the most likes of the series (49).

1,434 views

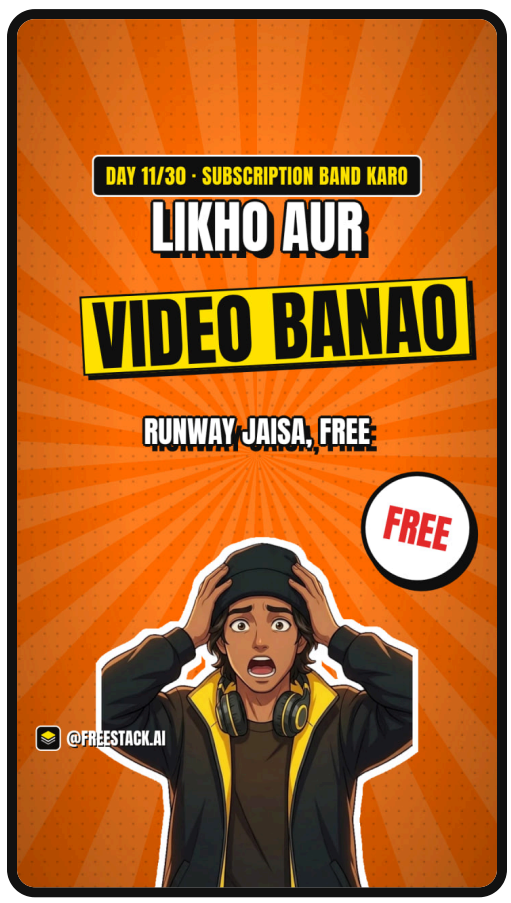

"Teen hafton mein itne free versions. Kitne yaad hain?"

Recap · Quiz

Second recap, second time in the top 5. This format is a pattern, not luck.

01 · REAL REELS

Teardown: why it worked (3/4)

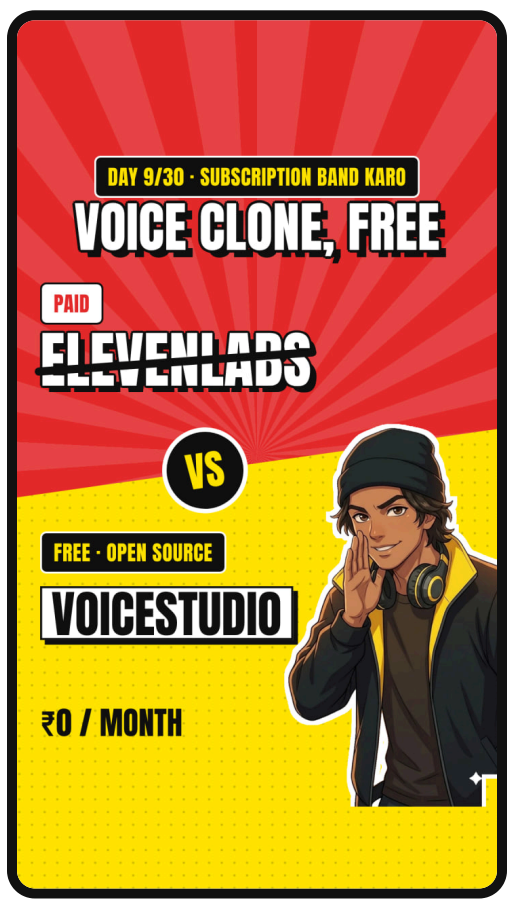

1,182 views

"Sirf likho, aur AI video bana dega."

Result first · Wow

Six words, and the result appears in your head instantly. No thinking needed.

1,102 views

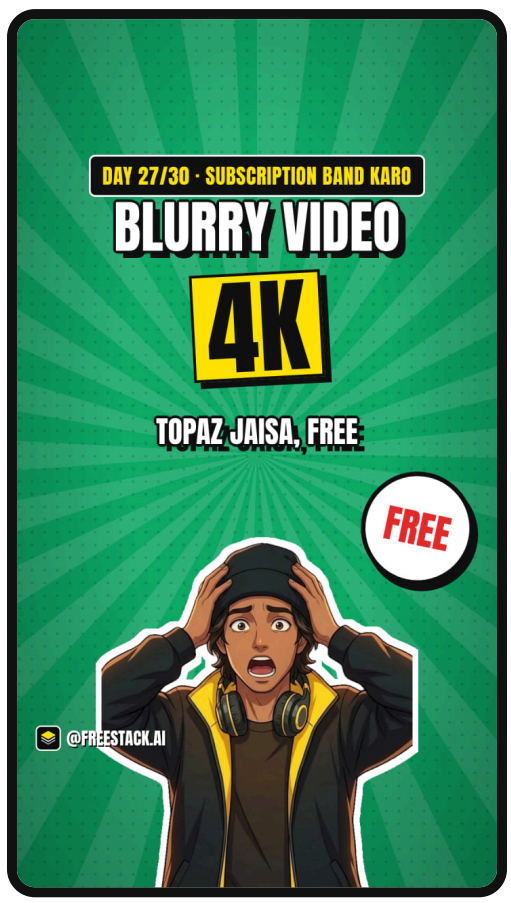

"AI voiceover ke liye har mahine paise de rahe ho?"

Pain · Money · Question

Hit a real monthly cost creators pay. The question made viewers silently answer 'yes'.

01 · REAL REELS

Teardown: why it worked (4/4)

1,093 views

"Purani blurry video ko 4K mein badlo, free."

Result first **Emotion**

Old family videos = emotion. The before/after formed in the viewer's mind.

1,040 views

"Ye 'free' AI tools sach mein free hain? Ek kadwa sach sun lo."

Hard truth **Trust**

No tool at all, just an honest opinion. The audience rewarded honesty.

Teardown: why it flopped (1/2)

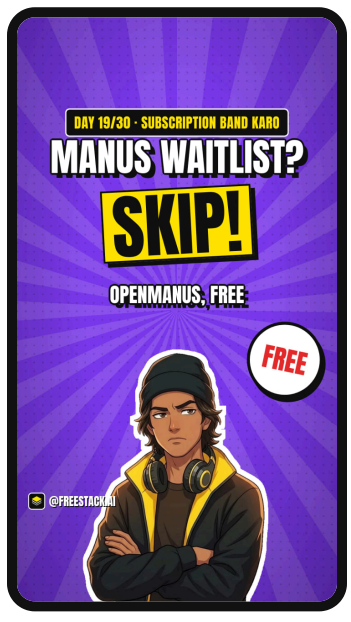

140 views

"AI ko apni files, GitHub aur apps se jodo, ek standard tareeke se."

Confusing **Jargon**

No pain, no result. Nobody wants 'a standard way'.

144 views

"Manus AI ka waitlist aur credits bhool jao."

Unknown name

Assumed people knew what Manus was. They didn't.

144 views

"Ek AI employee, jo kabhi chhutti nahi leta."

Vague **Overused**

Sounds nice, but what does it actually do? Not clear.

01 · REAL REELS

Teardown: why it flopped (2/2)

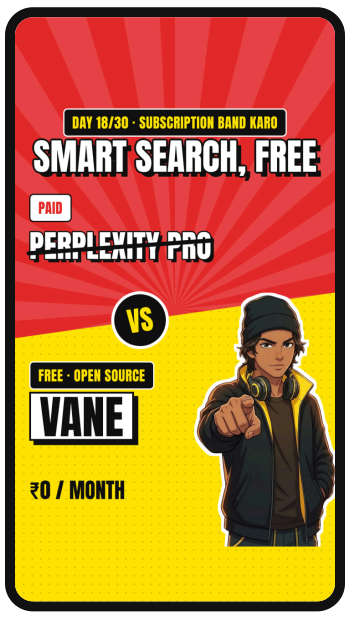

151 views

"Koi bhi article, aur do AI hosts uspe podcast karenge."

Too long **Low stakes**

Long line, and the 'paid' tool it replaced is already free.

153 views

"Google se smart search, jo seedha jawab de."

Feature only

Described a feature, not a pain. Why would anyone stop?

175 views

"Midjourney level AI images, zero rupaye mein."

Old news

Free AI images are on every phone now. 'Free' is no longer news.

01 · PATTERN

8 winners vs 6 flops: the pattern

Winning hooks:

✅ named something people already pay for
✅ challenged or questioned the viewer directly
✅ turned the reel into a quiz or recap
✅ showed the result in one line

Flop hooks:

❌ only described a feature
❌ used a name nobody knew
❌ used jargon ("standard", "protocol")
❌ said "free" where free is already normal

The next pages turn this pattern into a system that works in any niche.

02 · ALGORITHM

How Instagram pushes a reel

Step 1: Your reel is first shown to a small group (some followers + some new people).

Step 2: Did they stop? Watch to the end? Like it? Send it to someone? If yes, it goes to more new people.

Step 3: If new people react the same way, it keeps going. That is "going viral".

Instagram head **Adam Mosseri** has said publicly that the biggest signals for reels are watch time, likes per reach and sends per reach (shares by DM).

So: a hook's job is not just to stop people. It must stop the **right** people, who watch to the end and share. Clickbait stops people, but they leave fast, and the reel dies there.

03 · FIRST 3 SECONDS

The 3-Layer Hook: all three say the same thing

1. Text (on screen)

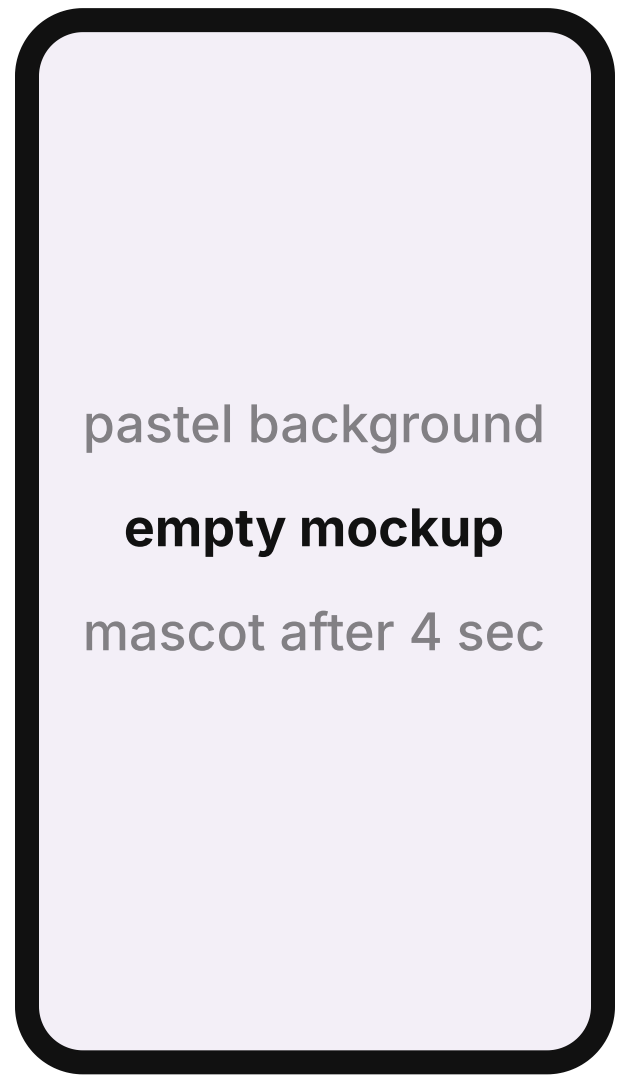

3–7 big words. On the very first frame, from 0.0 seconds.

2. Voice (first line)

The same message, said naturally. No "Hi guys", no intro.

3. Visual

A result, a face reacting, or something happening. Never an empty screen.

Our mistake (from the data): our covers were strong: red-yellow, mascot, "₹0". But the reel's **first frame** was a pale pastel screen with an empty mockup. In the feed, people see **frame 0**, not your cover. Lesson: make your cover design the first frame of the reel.

Second mistake: every reel spent 2–5 seconds saying "Subscription band karo, Day N". Zero value for a new viewer. Put the series name small on screen, don't say it.

04 · TEST

Hook Score: below 7 out of 10? Don't post.

#	Check	How to judge
1	**Few words**	Like a magazine headline. Readable in 3 seconds.
2	**On-brand**	Matches your page's topic, or it feels like clickbait.
3	**Flips a belief**	Challenges something people assume.
4	**Easy**	No effort needed to understand it.
5	**Not too flat**	Makes people think a little, or they ignore it.
6	**Curiosity**	The answer is inside the video, not in the hook.
7	**Original**	A hook seen everywhere stops working.
8	**Familiar + new**	Something known + a twist (Google + free).
9	**3-second test**	Show a friend for 3 seconds. Can they tell the topic?
10	**Solves a pain**	Points at the viewer's real problem.

Adapted from the principles in Brendan Kane's book *Hook Point*, for Hinglish reels.

05 · MISTAKES

10 reasons hooks fail

1. **Too long:** A 60-second reel with a 2-line hook: barely above median.
2. **Confusing:** "MCP: Model Context Protocol" → viewers had no idea what it was. 140 views.
3. **Vague:** "Ye video aapki zindagi badal degi" → how? why?
4. **Overused:** "Wait till the end" has been seen 1,000 times.
5. **For no one:** "Tips for everyone" = tips for no one.
6. **Outdated:** A trend from two years ago.
7. **Assumes interest:** "Manus ka waitlist bhool jao" → who is Manus? 144 views.
8. **Dishonest:** A promise the video doesn't keep.
9. **Not unique:** Same as every competitor.
10. **Looks dull:** Small text, low contrast, empty screen.

06 · TYPOGRAPHY

How to put a hook on screen

Rule 1, highlight a complete thought: " Paisa bachao , ameer nahi banoge" ✅. Highlighting only "Paisa" is wrong, because one word alone says nothing.

Rule 2, break lines where you would breathe:
"Roz 3 ghante ek reel pe? / Saal ke 1,000 ghante gaye."

Rule 3, one colour = one meaning: red = pain/mistake, yellow = solution/result. Keep it the same across the series.

Rule 4, phone safe zone: keep text out of the top 15% and bottom 25%, where Instagram's buttons sit.

Rule 5, 0.0 seconds: the hook text must be on the first frame. No fade-in, logo or intro animation.

07 · HOOK TYPE 1/12

Stop Command (Callout)

A direct order hits the brain's brakes, and the person being called out recognises themselves.

> **Template:** [Paying money/time] for [task]? Ruk jao.

1. Coding ke liye Cursor ka subscription? Ruk jao.
2. Roz 3 ghante reel edit karte ho? Ruk jao.
3. Salary aate hi EMI pe EMI? Ruk jao, pehle ye suno.

> ⚠️ **Watch out:** Give the order, then give the reason immediately. Don't just say 'Ruk jao' and stop.

07 · HOOK TYPE 2/12

Insider Secret

Everyone loves insider info: the 'I know something you don't' feeling.

> **Template:** [Big company/person] gave [thing] away free, and very few people know.

1. **Google ne apna AI agent free mein de diya, aur bahut kam log jaante hain.**

2. **Toppers revise ek alag tareeke se karte hain. Kam log jaante hain.**

3. **Phone ki ek setting jo aapki battery chupke se kha rahi hai.**

> ⚠️ **Watch out:** The secret must be genuinely useful. A fake secret = an unfollow.

Recap / Quiz

The brain loves games. List + quiz = watched to the end and saved.

> **Template:** [N] [things] in [time]. How many do you remember?

1. **Ek hafte mein 5 mehenge AI tools ke free versions. Kitne yaad hain?**
2. **Is mahine ke 7 money rules. Kitne follow kiye?**
3. **10 English words jo is hafte seekhe. Kitne yaad hain?**

> ⚠️ **Watch out:** In our data both recap reels made the top 5. Post one recap every 7 days.

07 · HOOK TYPE 4/12

Hard Truth (Contrarian)

Honesty builds trust, and an unexpected opinion stops the scroll.

> **Template:** Hard truth: [what everyone believes] is wrong.

1. Ye 'free' AI tools sach mein free hain? Ek kadwa sach sun lo.
2. Kadwa sach: aap busy nahi ho, distracted ho.
3. Kadwa sach: jaldi uthne se koi ameer nahi banta.

> ⚠️ **Watch out:** Back it up with an example or a number. Don't say it just for shock.

Loss (Money / Time)

People fear losing more than they enjoy gaining. Show the loss and they stop.

> **Template:** [Time/money] on [task]? That's [big yearly number] gone.

1. Roz 3 ghante ek reel pe? Saal ke 1,000 ghante gaye.
2. Har mahine ₹500 ke subscriptions? Saal ke ₹6,000.
3. Roz 2 ghante phone pe scroll? Saal ke 30 din.

> ⚠️ **Watch out:** The number must be true and the maths simple enough for viewers to check.

07 · HOOK TYPE 6/12

Result First (Proof)

Seeing is believing. Show the result first, the method after.

> **Template:** [Visual of the result]. Here's how it happened.

1. Purani blurry video ko 4K mein badlo, free.
2. Ye reel bina camera, bina mic bani hai. Guess karo kaise?
3. Ek line likhi, poori website ready.

> ⚠️ **Watch out:** The visual result must be on frame 0. Our 4K reel (1,093 views) worked for exactly this reason.

07 · HOOK TYPE 7/12

Myth Buster

Proving a common belief wrong creates instant contrast.

> **Template:** The biggest lie: '[myth]'.

1. Sabse bada jhooth: 'pehle editing seekho, phir page shuru karo.'
2. Myth: zyada padhoge toh zyada marks.
3. Myth: paisa bachane se ameer bante hain.

> ⚠️ **Watch out:** People must actually believe the myth. Don't bust a made-up one.

Identity Callout

People love hearing about themselves. Call one group by name.

> **Template:** If you are [age/role], listen to this now.

1. Agar aap 20s mein ho, toh ye 3 galtiyan abhi rok do.
2. Naya page shuru kiya hai? Ye 5 cheezein pehle din karo.
3. Hostel mein rehte ho? Ye 4 paise bachane ki tricks.

> ⚠️ **Watch out:** Keep the group small and specific. 'Everyone' is not an identity.

07 · HOOK TYPE 9/12

Comparison

Show two paths. Viewers place themselves on one side and watch to the end.

> **Template:** [A] vs [B]: see the difference after [N] days.

1. Do creators, same talent. Ek roz post karta hai, ek mood pe. 90 din baad kaun aage?
2. ₹15,000 ka editor vs ₹67 ki reel.
3. Topper vs average student: farak padhai mein nahi.

> ⚠️ **Watch out:** Show both sides fairly. Don't make one side look stupid.

07 · HOOK TYPE 10/12

Story Drop-in

Start in the middle of the story. The brain needs to know what happens next.

> **Template:** [Person] did [unusual thing]. Then [twist].

1. Usne naukri chhodi, sab ne pagal kaha. 6 mahine baad koi nahi hasa.

2. Ek chai wale ne mujhe business ka sabse bada lesson diya.

3. Ek saal tak zero posts. Phir ek din ye notice kiya.

> ⚠️ **Watch out:** The lesson must be useful to the viewer, not just entertaining.

07 · HOOK TYPE 11/12

Challenge / Test

Pull the viewer into a game. Answers go in the comments, and comments boost reach.

> **Template:** [A test or question]. Most people get it wrong.

1. Ek aawaz asli hai, ek AI. Pehchaan ke dikhao.
2. In 3 mein se aap kaun ho? Comment karo.
3. Ye 30-second test karo: aapka focus kitna hai?

> ⚠️ **Watch out:** Never invent a % or a statistic. 'Most people get this wrong' is enough.

07 · HOOK TYPE 12/12

Newness

Something new = 'I should have known this first'.

> **Template:** [Thing] just launched [this week], and it [benefit].

1. **Instagram ne ek naya feature diya hai, creators ke liye kaam ka.**
2. **Is hafte ek naya free AI tool aaya jo [kaam] karta hai.**
3. **UPI ka naya rule, ye aapko pata hona chahiye.**

> ⚠️ **Watch out:** It must really be new, and fact-checked. Fake 'news' destroys trust.

10 · SCRIPT

After the hook: A.R.C.S.

A, Ask: a question your viewer answers "yes" to. *"Roz post karna chahte ho, par time nahi?"*

R, Reveal: show you were in the same spot. *"Mujhe bhi ek reel mein 3 ghante lagte the."*

C, Call out: the discovery that changed things. *"Phir maine script se reel banane ka system banaya."*

S, Send: one clear action. *"Comment karo REEL, system bhej dunga."*

This is copywriter Craig Clemens' "Impact Arcs" formula (described in the book Hook Point), adapted for 30-second Hinglish reels. It works for one sentence, one reel, or a full presentation.

11 · SYSTEM

Testing and the Double Down

1. Write 3 hooks for every idea. Post the best one, test the other two as "Trial Reels" (Instagram's feature that shows a reel to non-followers first).

2. Check Insights after 48 hours: views, skip rate / 3-second hold, average watch time, shares. Decide on the average of 5 reels, never on one.

3. Double down rule: if a reel gets **2× your median** or more, make **3 new versions** of the same idea within 7 days: new hook, new example, new angle. In our data the recap worked twice, both times in the top 5.

4. Study your flops too: run the hooks of your 3 lowest reels through the Hook Score. Fix whichever point failed next time.

12 · PRACTICE

7-day hook practice

Day 1	Collect 20 strong hooks from the Ad Library and top creators in one note (for learning only).
Day 2	Label each hook with one of the 12 types. Which type dominates your niche?
Day 3	Find 5 flop reels and note which Hook Score point they fail.
Day 4	Write 3 hooks each for 3 topics in your niche (9 total).
Day 5	Run the 3-second friend test on each. Keep the top 3.
Day 6	Make reels with the top 3. Frame 0 = hook text + visual.
Day 7	Check Insights, pick the winner, start doubling down.

> Learn by studying others, then write your own. Never post someone else's hook as-is under your name: it rarely works and it breaks trust.
